Computer Languages History

Computer Languages Timeline

Below, you can see the preview of the **Computer Languages History** (move on the white zone to get a bigger image):

If you want to print this timeline, you can **freely** download one of the following PDF files:

A4

Letter

Plotter

There is only **50** languages listed in my chart, if you don't find "your" language, see [The Language List](#) of *Bill Kinnersley* (he has listed more than **2500** languages). You can also look at the [Online Historical Encyclopaedia of Programming Languages](#) (8945 programming languages).

Here is the [ChangeLog](#) of this history.

Note: I have now a [page](#) where I explain how I build this chart.

Another chart on the wall

If you have put this diagram on the wall of your office and have taken a photo of it, please send me a copy and I'll put it on this [page](#). ;-)

My other charts:

- [UNIX History](#).
- [Windows History](#).

Some useful links

- **ABC**
 - [A Short Introduction to the ABC Language](#)
- **Ada**
 - [Ada Home Page](#)
 - [AdaPower](#)
 - [Special Interest Group on Ada](#)
